Nanos Systems Corp. REFERENCE CARDS

For Models I, II, III, Color, Pocket and Apple II & II Plus

TRS 80 is a Registered Trademark of Tandy Corp. Computer picture reprinted permission Tandy Corp.

APPLE'is a registered trademark of Apple Computing, Inc.

Each card is a complete summary of the reference manuals and the microcomputer. Cards are two or more colors, printed on 80 pound Beckett Antique cover stock or a comparable stock, stretch-wrapped in plastic for shipping. They are accordion-foldup cards, in the same style as the traditional IBM reference cards used on the major computers for years. Fold-up size is eight and one-half by three and three-quarter inches, so they will fit easily into the shirt pocket. These cards provide a complete summary of the manuals plus many extras at your fingertips.

Two Exciting Opportunities To Get the Training You Need This Summer In Using Microcomputers in Your Classroom

TERC Offers You:

Summer Institutes in Math. Science, and Computer Literacy at Trinity College in the beautiful Green Mountains of Vermont.

Week I, July 11-15 (choose two courses)

- ☐ Introductory Math and Science Applications of **Microcomputers**
- □ Logo
- ☐ BASIC
- ☐ Computer Literacy

Week II, July 18-22

(choose two courses)

- ☐ Pascal
- ☐ Microcomputers in Natural and Physical Sciences
- ☐ Microcomputers in Mathematics Instruction
- ☐ Math and Science Software Tools

Families are welcome; dormitory suites available for families. Lots of outdoor and cultural activities available in beautiful Vermont. Special Logo for Kids program also offered. Tuition \$375 per week; room and board available at low cost.

. . . And in Cambridge throughout the rest of the summer:

TERC Summer Intensive Workshop Series (our most intensive training program)

Schedule:

June 20-23 Microcomputers in the Science Lab June 27-30 Trainer Preparation Workshop Software Development Workshop July 5-8

July 25-28 Logo August 1-4 Simulations Pascal August 8-11 August 15-18 Logo

August 23-26 Evaluating and Acquiring

Educational Software

Workshop Site: 8 Eliot St., Cambridge, MA 02138

Tuition for the workshops varies from \$350 to \$410 depending on the course.

As in all TERC workshops, classes are kept small to allow maximum hands-on opportunities.

Brochures for each of these programs with complete course descriptions and registration information are available at the TERC offices. (Call 617-547-3890.)

INTRODUCTION

Welcome to Issue 2 of the third volume of what was previously SCHOOL MICROWARE DIRECTORY. We apologize for the name change, as such things can sometimes be confusing, but it really was necessary. We were experiencing something of an identity crisis: First, it was not clear to a lot of people what was meant by MICROWARE - whether it referred to software, hardware, or some other "ware". Furthermore, the word DIRECTORY also has a lot of connotations. Many people thought that it referred to a dealer catalog, and therefore should be free nice if you can get it, but totally unaffordable from our standpoint! So, we've decided to bite the bullet and change our name. We hope that you like it.

THE SOFTWARE FINDER (TSF) is the most comprehensive listing available of school- and college-oriented educational software for popular microcomputers. It is published semiannually in the fall and spring. Many unique features have been incorporated in this volume, all designed to make TSF more useful to our readers. Here are some of them:

o SIZE AND SCOPE

- 1. NEW! Software for eleven micro-computers: Apple II; Atari 400/800; Commodore PET/CBM, VIC-20, and 64; and Radio Shack TRS-80 Models I, II, and III, and TRS-80 Color Computer. Some CP/M software also is included.
- 2. NEW! HUNDREDS OF NEW PRODUCTS have been added, bringing the total listed in this issue to almost 2,800 coming from 320 suppliers.
- 3. SOFTWARE FOR ADMINISTRATIVE AP-PLICATIONS is included; this comprises micro programs to do attendance, report cards, scheduling, etc. Principals and business managers, take heed!

o INFORMATION CONTENT

- 2. NEW! INDICATION OF "TONE" OF EACH REVIEW as positive, negative, or neutral; helps decide which products should be explored further for possible purchase.
- 3. PACKAGE IDENTIFIERS IN THE PRODUCT DESCRIPTIONS. These enable you to easily identify which products constitute a package and thus must be purchased together.

o ADVERTISING

This is the second issue in which we have carried advertising. In addition to being a necessary source of support, we view it as another valuable information source for our readers.

o CONVENIENCE

- 1. CUMULATIVE PUBLISHING FORMAT. Every issue is a full directory, containing all products listed in previous issues (as well as new entries, of course). You won't have to look through several issues to find what you're looking for.
- 2. CLASSIFICATION OF PRODUCTS BY TOPIC in crowded subjects, e.g., Math

Basic Skills, making it much easier to find programs to meet your particular needs.

- 3. ALPHABETICAL INDEX BY PRODUCT. You will be able to quickly locate a product for which you know the name.
- 4. NEW! PRODUCT LOCATOR NUMBERS make finding product descriptions fast and easy.

o ECONOMY

NEW! DISCOUNT COUPONS bound in every copy allow subscribers to get 10 per cent off on the products of more than 25 suppliers.

We hope that you like all of the features incorporated in this issue of THE SOFTWARE FINDER.

WHO NEEDS TSF?

THE SOFTWARE FINDER is useful in many different situations, but especially in schools. School planners contemplating micro acquisition but uncertain about the availablility of software, find ample evidence in TSF that indeed there is a vast array of programs available. Furthermore, they can determine which microcomputers are supported with the sorts of software they need.

Teachers planning courses and curricula can use our directory as a handy reference for identifying those topics whose teaching could be supported easily by computer use as well as for locating programs/packages to be ordered. For special education teachers, THE SOFTWAE FINDER is a particularly rich source of new tools to assist in providing interesting, stimulating, and effective learning environments. Likewise, media center personnel whose responsibilities include management of instructional computing find it useful in locating materials to be acquired.

In a related area, TSF can be quite useful to schools of education for planning and implementing programs to support school use of microcomputers. It also should be helpful to software evaluators as a point of departure in defining their universe of operation.

In other areas, home computer users can turn to THE SOFTWARE FINDER as a bountiful source of ideas for concrete uses of their systems. Likewise, here they will find software to help realize those ideas. On the commercial side of things, SMWD is a valuable aid to computer store personnel as a means of helping their clients apply their products to teaching/learning tasks in many varied environments.

ORGANIZATION OF THE SOFTWARE FINDER

The balance of this issue is organized broadly into three sections. Section II, which is divided into three subsections, concerns instructional software. The remaining sections comprise a listing of software for administrative applications (III) and an alphabetical listing of software suppliers' addresses and telephone numbers (IV). A glossary and index also are included.

Section II requires some explanation. It includes all products intended to support the teacher and classroom functions, running the gamut from simple drills to teacher gradebook programs and full-blown computer managed instruction systems. Subsection II-l contains the most complete entries; it is sequenced by school department and within that by subject, in some cases by topic, and by grade level.

Subsection II-2 contains separate listings of software for Apple, Atari, PET/-CBM, VIC-20, Commodore 64, and TRS-80 Mod I/III, and TRS-80 Color Computer. These listings, whose entries are abbreviated, are sequenced the same as those in II-1. In the interests of providing more detailed information, Subsections II-1 and II-2 contain separate entries for all products, even though some of those products are sold only as parts of packages which suppliers will not separate. Subsection II-3 lists all packages and tells what programs are included in each of them (see page 3 for more information on packages).

HOW TO USE TSF TO FIND SOFTWARE

Readers who are interested in finding software for particular curriculum areas, irrespective of hardware system, should go directly to Section II-l which immediately follows this introduction. Those who are interested only in software for a particular hardware system may wish to consult first the applicable summary listing in Section II-2 and then use the product locator numbers provided there, giving page and location within page, to find expanded entries in II-1. Readers who are looking for administrative software should of course refer directly to Section III. Instructions for use are given at the beginning of the sections just mentioned. The addresses and telephone numbers of the suppliers named will be found in Section IV.

PRICES

Most entries in Sections II-l and III include prices for the products described. We have been asked by several software suppliers to tell our readers that prices are subject to change at any time without notice, and that they should contact suppliers for the latest price information before ordering. Also, readers should be aware that most orders will be subject to additional charges (usually nominal) for shipping and handling.

REPRINTS OF SMWR REVIEWS NOW AVAILABLE

Reprints of individual reviews appearing in SCHOOL MICROWARE REVIEWS, TSF'S companion publication, are now available. The single-copy price is \$1.50 including postage. An order blank listing all reviews published to date follows the Index in this volume.

FEEDBACK NEEDED

We want to make THE SOFTWARE FINDER as useful as possible to our readers. We would appreciate your help in improving it. Please send us your thoughts about what you would like to see (or not to see). We will try to be responsive.

PUBLICATIONS CITED IN REFERENCES TO REVIEWS

Hundreds of software description entries in Subsection II-1 contain references to reviews consisting at least an abbreviation for the name of a

II-1 INSTRUCTIONAL SOFTWARE DESCRIPTIONS

is concerned with software to support the teacher and classroom activities. Subsection II-1 contains the most ities. Subsection II-l contains the most detailed information about each product; it is sequenced by school department and within that by subject. In cases where there are many product entries for a given subject, that subject is further broken down into broad topic areas. Within a subject/topic, all entries are sequenced by lowest applicable grade. sequenced by lowest applicable grade level. Products are not listed here by hardware system; rather all the applicable hardware sy each entry. The systems are indicated in he reader is directed to Subsection II-2 for by-hardware listings.

fictitious product purely shown below for purposes of discussion. Note that there is a heading indicating Note that there is a neading indicating continuation of the department MATHEMATICS and subject Algebra from the preceding page. The name of the program is QUADFORM. The dagger symbol (†) at the left end of the first line name indicates that this is the first time that this product has been listed in THE SOFTWARE FINDER (over 800 new listings included in the first field). in this issue).

The per cent sign (%) immediately to the left of the product name refers to the fact that a 10% discount is available on this product upon presentation of a TSF Discount Coupon (bound in this issue following the Index). To the right of the name QUADFORM is the word "(Tutorial)", indicating the type of program being described. The program types used are defined in the Glossary. defined in the Glossary.

In the second line, the subject (Algebra) and grade levels are stated. Lines 3 through 5 describe what the product does. The sixth line lists the hardware systhem(s) for which the product is supplied (Commodore CBM and PET). Line 7 states the programming language in which the program is written (BASIC) and the minimum hardware required. It is in this and the last line that several letter symbols and abbreviations have been used; their meanings are given in the Table at right.
Note that "K" following a number (8K in Note that "K" following a number (8K the case of the QUAD#ORM program) ref to the size of computer memory required in 1000's of bytes.

The word "tape" in the sample entry means that the program is supplied on tape and that the user's computer system need only cassette tape recorder to load include a and run the program. Note that the hard-ware configurations shown are the minimum required. In many cases, products for which the medium tape is stated are also supplied on diskette and also may be able to use additional memory. Readers are urged to verify hardware, language, and distribution media in suppliers' literature before ordering.

The next to last line gives the name of a supplier (usually the primary source) for the product and its retail price (the price of the package in which it is included in the case of QUADFORM - see be-low). We endeavor to keep prices current, but one should confirm prices with the supplier before ordering.

The abbreviations and numbers in paren-The abbreviations and numbers in parentheses following the price refer to the fact that the program QUADFORM is distributed as part of a package (pk70) which contains a total of 5 programs (5p). A package is a collection of independent programs which are combined for purposes of distribution and which usucannot be purchased separately, though they may be related to completely different topics and even different disciplines. Note: The price shown for a product which is part of a package (\$27.95 in this case) is the price of the entire package, since the individual programs cannot be purchased separately.

The identity of the other programs in the package with QUADFORM can be determined by referring to the entry for package 70 in Subsection II-3. The programs are

listed individually in TSF so as to give a more complete picture of what is actually being offered. The two asterisks (**) following the package designation refer to a footnote indicating explanatory information here and in Subsection picture of what is actu-

Several hundred entries also include a final line similar to the one shown here which give references to one or more rewhich give references to one or more reviews of the product being described. Note that the line begins with the heading "Rev's:" in boldface type. This is followed by one or more citations, each consisting of an abbreviated publication consisting of an abbreviated publication name and a date or issue number. The abreviations are explained in the table on page 2. For example, the reference TCT page 2. For example, the reference TCT 3/81 means that a review of the product appeared in the March, 1981 issue of The Computing Teacher. A review citation also may include a (+), (-), or (0), indicating that the general tone of the review respectively, positive, negative, or

Challenge a Child With

The Fascinating New Computer Math Game

PLANES can turn a child on to math while developing basic computing ability. The unique skill-building package promotes mastery of fundamental geometric principles. And its three-part program provides progressively advanced learning applications to stimulate a child's facility to reason.

PLANES Makes Learning Math Fun

- Its library of 200 straight-line shapes helps children distinguish geometric forms.
- The coordinate system, corresponding to Apple ™ High Resolution Graphics, lets them create their own shapes on the monitor by plotting points or drawing lines.
- Easy-to-follow instructions show a child how to retrieve, reposition and file all of the shapes.

PLANES, a challenging learning tool, can be easily integrated into curriculum for grades 3-9.

Each PLANES package includes:

- Diskette with PLANES programs and shapes
- Reference Manual

Send check or money order for \$39.95 to: ITC Technologies Corp. 7100 Blvd. East #2J Guttenberg, New Jersey 07093

Add \$2.00 for shipping and handling. New Jersey residents add 6% sales tax. PLANES is designed for Apple TM. II plus 48k with disk drive Apple TM is a trademark of Apple Computer Inc. © 1982 ITC Technologies Corp.

## Physics: Mechanics (CONT)

(Skills pract) 1) Subj/Topic: Mechanics Grades:11-12 **Description:** Student evaluates direction airplane must fly to reach a specified point, given magnitude adirection of wind.

Syst(s): Apple

Lang/Min Edwre: BASIC; 48K DOS 3.2/3.3

Sce: EduTech 895

%MECHANICS (Concept demo)
2)Subj/Topic: Mechanics Grades:11-12 Description: Hunter-monkey paradox (using game paddles); vertical fall with & without air resistance; & planetary motion. Syst(s): Apple
Lang/Min Hdwre: BASIC; 48K DOS 3.2/3.3

Sce: EduTech \$65

PLANETARY MOTION 3) Subj/Topic: Mechanics Grades:11-12
Description: Simulates orbits and periods of orbiting star(s); tests are made of Kepler's second and third laws.

Syst(s): Apple
Lang/Min Hdwre: BASIC; 48K + DOS 3.2/3.3

Sce: EduTech \$85

(Simulation) 4) Subj/Topic: Mechanics Grades:11-12 Description: Given initial speed and height (or angle), simulates trajectory; student finds g from time & distance meas. Syst(s): Apple syst(s): Apple
Lang/Min Hdwre: BASIC; 48K + DOS 3.2/3.3 Sce: EduTech \$85

THREE-BODY ORBITS (Simulation) 5)Subj/Topic: Mechanics Grades:11-12
Description: Plots the true orbits of any three gravitationally interacting bodies; 4 programs. Syst(s): Apple

Lang/Min Hdwre: BASIC; 48K + DOS 3.2/3.3 Sce: EduTech \$95

(Educ'l game) 6)Subj/Topic: Mechanics Grades:11-12 Description: Students take turns firing at an enemy, using initial conditions calculated individually; stores/reports perf. Syst(s): Apple Lang/Min Rdwre: BASIC; 48K + DOS 3.2/3.3 Sce: EduTech \$95

Rev's: SMW W83(+)

7)Subj/Topic: Mechanics Grades:11-12
Description: Designed to help learner understand collisions of hard spheres; many different collisions available for study.

Syst(s): Apple
Lang/Min Hdwre: BASIC; 48K+dsk,Applesoft
Sce: Educat'l Coursewe \$36

8) Subj/Topic: Mechanics Grades: 11-12
Description: Instruction & practice with the concept of average velocity; uses animated diagrams; includes scored quiz.

Syst(s): Apple PET

Lang/Min Hdvre: BASIC; 8KPET/16KAp +tape

Sce: Merlan Scientific \$24

AVERAGE SPEED

9)Subj/Topic: Mechanics Grades:11-12 Description: Instruction & practice on average speed problems; uses animated diagrams; includes scored quiz.

Syst(s): Apple PET
Lang/Min Bdwre: BASIC; 8KPET/16KAp +tape
Sce: Merlan Scientific \$24

IETRO MECHANICS DRILL PKG (Skills pract) 10) Subj/Topic: Mechanics Grades:11-12
Description: Timed practice in using four basic mechanics formulas; game-like format; reports performance; 4 programs.
Syst(s): Apple PET
Lang/Min Hdwre: BASIC; 8KPET/16KAp +tape

Sce: Merlan Scientific \$20

WAVES IN LIM. MEDIUM-INTRO (Simulation) 11) Subj/Topic: Mechanics Grades:11-12

Description: Stud't examines animat'ns of pulses reflected from fixed & free ends, hitting boundary betw 2 media; Ap ver \$36.

Syst(s): Apple PET

Lang/Min Hdwre: BASIC; PET8K/Appl6K+tape

Sce: Merlan Scientific \$28

GRAVITAT'L POTENT'L EMERGY (Simulation) 12) Subj/Topic: Mechanics Grades:11-12
Description: Experiment where student observes projectile moving in real time, computes k.e., deduces eq'n for pot. energy.

Syst(s): Apple PET
Lang/Min Hdwre: BASIC; PET8K/Appl6K+tape
Sce: Merlan Scientific \$22

ACCELERAT'N DUE TO GRAVITY (Simulation) 13)Subj/Topic: Mechanics Grades:11-12 Description: Experiment where student ob-serves dense obj falling in real-time animation, computes g; prog checks results.

Syst(s): Apple PET

Lang/Min Edwre: BASIC; PET8K/Appl6K+tape

Sce: Merlan Scientific \$20

LINEAR AIR TRK-ELAST COLIS (Simulation) 14) Subj/Topic: Mechanics Grades:11-12 Description: Student confirms Law of Con-servation of Momentum by observing colliding objects on frictionless air track.

Syst(s): Apple PET

Lang/Min Hdwre: BASIC; PET8K/Appl6K+tape

Sce: Merlan Scientific \$24

\* COMSERVATION (Tutorial) 15) Sub i/Topic: Mechanics Grades: 11-12 **Description:** Eight programs about energy and momentum including one game. Syst(s): Apple
Lang/Min Hdwre: BASIC: 48K + disk

Sce: Cross Educatl Soft \$12

(Educ'l game) TARGET PRACTICE 16) Subj/Topic: Mechanics Grades: 11-12
Description: Game to test knowledge of projectile motion equations; given 3 pa rameters, user calc's 4th; reports perf.

Syst(s): Apple PET

Lang/Min Edwre: BASIC; 8KPET/16KAp +tape
Sce: Merlan Scientific \$20

&CIRCULAR MOTION (Tutorial) 17) Subj/Topic: Mechanics Grades:11-12
Description: Covers circular motion, harmonic motion, and orbits; 5 programs and

one game.

Syst(s): Apple

Lang/Min Hdwre: BASIC; 48K + disk

Sce: Cross Educatl Soft \$15

OSCILLATOR (Simulation) 18) Subj/Topic: Mechanics Grades: 11-12 **Description:** Student investigates behavior of simple harmonic oscillator; options consider damping and forcing; uses grafix.

Syst(s): Apple PET

Lang/Min Hdwre: BASIC; Ap32K+d; PET8K+t

Sce: Longman Group \$ n/av [pk33,5p]\*\*

19)Subj/Topic: Mechanics Grades:11-12 Description: Student explores effects of inverse square law forces on objects such as satellites, planets, alpha particles, etc.

Syst(s): Apple PET

Lang/Min Hdwre: BASIC; Ap32K+d; PET8K+t

Sce: Longman Group \$ n/av [pk33,5p]\*\*

PLICHTPATH (Simulation) 20) Subj/Topic: Mechanics Grades:11-12 Description: Student explores behavior of projectiles; computes, graphs trajectory, considering air resistance if desired.

Syst(s): Apple PET

HAIL TO THE CHIEF (Simulation) 9) Subj/Topic: Political Scien Grades:10-12 Description: User campaigns for Presidency, making weekly decisions on publicity, issues, & fund raising; 4 models, 10 levels.

Syst(s): Apple TRS-80

Lang/Min Hdwre: BASIC; 48K + disk

Sce: Compuware \$24.95

Rev's: SMW W82(+)

#### SOCIAL SCIENCE: Sociology

SOCTOLOGY (Tutorial) 10) Subj/Topic: Sociology Grades:10-12
Description: A survey course on sociology from culture & society to urbanization; req's Educ'l Syst Master Cartr'dg @ \$30. Lang/Min Hdwre: BASIC; 8K + tape Sce: Atari Inc. \$29.95 Rev's: CC 9/80

HSPOP (Simulation) 11) Subj/Topic: Sociology Grades: 10-12 Description: Student investigates various aspects of population change, including growth, age & sex distribution.

Syst(s): Atari PET TRS-80

Lang/Min Hdwre: BASIC; 16K + tape

Sce: Compuware \$24.95 [pk45,3p]\*\*

RMASPAR- MASS PARTICIPATION (Simulation) 12) Subj/Topic: Sociology Grades:11-12

Description: Studies the relationship between social status, organization involvement & political participation. Syst(s): TRS-80
Lang/Min Edwre: BASIC; 16K ModI/III+tape

Sce: Project LOCAL Soft \$17.95 [pkl0,6p]\*\*

## SPECIAL EDUCATION

(Educ'l game) 13) Subj/Topic: General Grades: K-5
Description: Addition drill for random one-digit problems based on a hockey game format for the slow learner. Syst(s): TRS-80 Lang/Min Hdwre: BASIC; 16K + tape Sce: Mercer Systems \$5.95

PIAT ERROR AMALYSIS (Teacher aid) 14)Subj/Topic: General Grades:1-12 Description: Printout of interpretations list of goals & objectives for remediation Syst(s): Apple TRS-80

Lang/Min Hdwre: BASIC; 48K + disk Sce: So Micr Sys for Ed \$395

WISC-R COMPUTER (Teacher aid) 15)Subj/Topic: General Grades:1-12
Description: Will provide interpretations
& recommendations based on sub-test scores & achievement.

Syst(s): Apple TRS-80

Lang/Min Hdwre: BASIC; 48K + disk

Sce: So Micr Sys for Ed \$495

UMISTAR 1 (Teacher aid) 16)Subj/Topic: General Grades:1-12
Description: Pre-IEP for elem. learning disabilities; provides a list of goals 6 objectives for individual; has printout.

Syst(s): Apple TRS-80

Lang/Min Hdwre: BASIC; 48K + disk Sce: So Micr Sys for Ed \$650

THE SPELLING PROGRAM (Skills pract) 17) Subj/Topic: General Grades:1-12 **Description:** Includes 5 basic spelling rules, tutorials, drill & additional langwage skills; Apple version: \$230.00.

Syst(s): Apple PET
Lang/Min Hdwre: BASIC; App48K+dsk; P8K+t Sce: Sled Software \$199

EMH - PRE-IEP (Teacher aid) 18) Subj/Topic: General Grades:1-12 Description: Printout of goals & objectives including survival skills & vocational objectives.

Syst(s): Apple TRS-80

Lang/Min Edwre: BASIC; 48K+disk

Sce: So Micr Sys for Ed \$650

# II-2 SUMMARY LISTINGS BY HARDWARE SYSTEM

Separate listings are provided here for Apple II; Atari 400/-800; Commodore PET/CBM, VIC-20, and 64; Radio Shack TRS-80 Models I/III and Color Computer; and the CP/M operating system. These listings are intended for use by readers interested in software for a specific system(s). Entries are sequenced by school department, subject (and in some cases topic), and lowest applicable grade level.

Each piece of software is described here in a one-line entry. An entry contains name, grade level range, application type, and the number of the page where a full product description appears.

For example, consider the third entry in the listings on the next page. It refers to a product called TESTING PROGRAM/AC-OUNTING which is applicable to Accounting/Bookkeeping courses

in the Business department. It is a skills practice program and is recommended for grades 9 through 12. The dagger to the left of the name indicates that this is the first time that this product has appeared in SMW DIRECTORY. The number (4-04) indicates that the full description of the product appears on page 4 and is the 4th entry on that page. 4 and is the 4th entry on that page.

In order to locate the complete description of a piece of software found here, simply find the page number given at the far right side of the product listing and refer to that page in Subsection II-l. The descriptions in II-l give a short description, minimum hardware and system software requirements, distribution media, supplier name, price, any special information regarding packaging, and references to reviews where available. available.

% TSF Discount Coupon gets 10% off on this product.

# **II-3 CONTENTS OF PROGRAM PACKAGES**

Here are listed the names of programs included in program packages referred to elsewhere in THE SOFTWARE FINDER. A package is a collection of independent programs which are combined for purposes of distribution, but which may not be related in any other way. The programs are described separately in TSF to give a complete picture of what is being offered for sale in the context of the subject areas being supported. However, many readers who are interested in a given program will want to know the nature of other programs distributed with it. This listing

provides that information.

Packages are listed here in order by the number used to refer to them in Subsection II-1 (see page 3 for an example and explanation). The name by which the supplier refers to the package is given, followed by the supplier name and the program names (with page numbers where descriptions are located).

Note: The program listings for some packages are incomplete.

000
(Brain Bank)
BASIC SKILLS PRACTICE A-D, p 28-11
BUFLO- WILDLIFE CONSERV'N, p 84-05
PROBLEM SOLVING PROCESS, p 68-13

001 Biology I
(Project LOCAL SOft)
STERLI - PEST CONTROL, p 76-25
POP-POPUL'N GROWTH MODELS, p 76-26
STERL2 - PEST CONTROL, p 76-27
MALAR - MALARIA EPIDEMIC, p 84-06
RATS, p 46-11
MALAR, p 46-12
BUFLO-WILDLIFE CONSERVAT'N, p 95-20

002 Biology II
(Project LOCAL Soft)
PHOSYN- PHOTOSYNTHESIS, p 76-28
TAG-MEASUR'G WILDLIFE POP, p 77-11
GENEI - TRAIT INHERITANCE, p 77-12
HARDY-POPULATION GENETICS, p 78-24
LOCKEY- ENZYME SPECIFICITY, p 78-25
DIET, p 46-07
DIET, p 47-16

003 ISM Combo Pack (Int'l Softwe Mktg) MATHE MAGIC, p 10-03 GRAPH MAGIC, p 10-05

004 Ecology I
(Project LOCAL Soft)
POLUT- WATER POLLUTION, p 83-28
LIMITS, p 84-16
ENERGY- SOLV'G U.S. CRISIS, p 91-19
FUTURE, p 91-20
LIMITS TO GROWTH, p 91-21
EARTH - WORLD ENERGY, p 91-22

005 Elementary I (Project LOCAL Soft) ABAGELS, p 30-28

008 Physics I
(Project LOCAL Soft)
CLIMATE, p 83-19
CHARGE- MILLIKAN OIL DROP, p 87-08
SLITS-WAVE THEORY OF LIGHT, p 88-07
SCATR2- PARTICLE SCATTER'G, p 90-04
SCATR3- PARTICLE SCATTER'G, p 90-05
SCATR1- PARTICLE SCATTER'G, p 90-06

USPOP - U.S. POPUL TRENDS, p 91-07 SAP- SURVEY ANALYSIS PKG, p 91-08

010 Social Studies I
(Project LOCAL Soft)
MARKET, p 4-20
SAP-SURVEY ANALYSIS PKG, p 7-18
POLICY- INTEREST GROUPS, p 91-13
HAMMARABI, p 92-06
BALPAY-BALANCE OF PAYMENTS, p 92-11
ELECT3 - CAMPAIGN/ELECTION, p 96-02
POLSYS- POLITICAL PROCESS, p 96-05
MASPAR- MASS PARTICIPATION, p 96-12

011 Publ Domain Math-Tape 40  $\frac{\text{(Teacher's}}{\text{CHEMIST}}, p \frac{\text{Pet}}{67-13}$ 

012 Publ Domain Math-Tape 41 (Teacher's Pet) CHIEF, p 59-19 CHANGE, p 60-06

013 Publ Domain Language Prgs (Teacher's Pet) SPELLING BEE, p 30-27 SYNONYMS, p 34-23

014 Microcosm I
(Basics & Beyond)
SPELLING-DRILL, p 30-23
SPELLING-REVIEW, p 32-09
MUSIC-TRANSPOSITION, p 39-23
MATH TABLES DRILL, p 53-18
DIVISOR GAME, p 58-09
COUNTRY GUESS, p 93-22

015 Microcosm II (Basics & Beyond) PLANET FINDER, p 75-25 SPELLING-BEE, p 32-20
PREFIX-STUDY-AND-QUIZ, p 35-21
SUFFIX-STUDY-AND-QUIZ, p 35-22
ELECTRICAL USE, p 47-12
STATE GUESS, p 93-01
ALGEBRAIC FACTORING, p 69-05

016 Microcosm III
(Basics & Beyond)
TYPING-TÜTÖR, p 5-17
CLIFFHANGER, p 30-24
CROSS-WORD-PUZZLER, p 34-20
COMPUTER-COMPOSER, p 39-19
LONG DIVISION, p 55-20
MULTIPLICATION, p 55-21

017 School Coursewe Jrnl Vl#2 (Schl & Home CseWar) REVERSE, p 24-12 SAMPLING, p 92-04 SAMPLING, p 72-17

018 School Coursewe Jrnl Vl#3 (Schl & Home CseWar) SCRAMBLE, p 12-10 DIVISION DRILL, p 55-28

019 School Coursewe Jrnl Vl#4 (Schl & Home CseWar) APPROXIMATE MEASUREMENT 1, p 75-01 TYPING FRACTIONS, p 63-23 APPROXIMATE MEASUREMENT 1, p 65-17

020 School Coursewe Jrnl V1#5 (Schl & Home CseWar) APPROXIMATE MEASUREMENT 2, p 75-02 LANGUAGE PRACTICE, p 34-21 APPROXIMATE MEASUREMENT 2, p 65-19

021 Basic Secondary Package (Math Software)
ARITHMETIC RACING, p 56-17
BINOMIAL MULTIPLICATION, p 69-25
SIMULTANEOUS LINEAR SYST'S, p 69-26
SOLVING LINEAR EQUATIONS, p 69-27
LIMITS OF SEQUENCES, p 70-23
POLAR GRAPHING, p 70-24
ECCENTRICITY FORM OF CONIC, p 70-30
ARITHMETIC OF FUNCTIONS, p 71-01
FUNCTION GRAPHER, p 71-02
SINE & COSINE GRAPHER, p 71-03
LIMACONS & THEIR AREAS, p 71-09
ORBITAL & ROTATING FIGURES, p 72-11

022 French Present Tense Verbs
(Ordinafrancais)
ER VERB TUTORIAL, p 40-23
ER VERB DRILL, p 40-24
RE VERB TUTORIAL, p 40-25
ER-RE VERB TUTORIAL, p 40-26

# III SOFTWARE FOR ADMINISTRATIVE APPLICATIONS

The main criterion for listing software in this section was, "Does it directly support the teacher and classroom functions?" If the answer was Yes, then the program in question was not included here. Thus, these products are those which support school departments such as the library, the principal's office, and the business office. They are

134

primarily recordkeeping and reporting programs.

The table below summarizes the products included here in terms of who supplies them and what computer(s) they run on (CP/M operating system required in some cases). Following the table are more detailed descriptions, grouped by supplier.

| SUPPLIER                              | APPLE                                                                                                                                | PBT/CBM                                                                                                                                 | TRS-80                                                                                                                     |

### ABBOTT EDUCATIONAL SOFTWARE

SALARY SCHEDULE GENERATOR
Description: Generates salary schedules
for across-the-board per cent raises; maximum array 7 columns X 25 rows; requires
80-column printer; written in BASIC
Syst(s): PET/CBM Price: \$9.75
Min Hardware: 16K + tape, printer

#### ADD I SOM-WESTLEY

BURSAR (TM)
Description: Student activity fund accounting system, including journal, statements and trial balance reporting
Syst(s): APPLE TRS-80 Price: \$195
Min Hardware: 48K + disk, printer

ENERGY MONITOR
Description: Tracks energy use relative
to climatic variables; accounts for energy
units & expenditures in 1-90 buildings.
Syst(s): APPLE TRS-80 Price: \$245
Min Hardware: 48K+dsk; TRS Mod III only

EQUIP (TM)
Description: School equipment inventory
system, providing orderly and up-to-date
information; allows allocation, location
& accounting of all physical assets
Syst(s): APPLE TRS-80 Price: \$195
Min Hardware: 48K + disk, printer

PURCHASE (TM)
Description: Annual school purchasing

system, including specifications, requisitions, bids, & delivery schedules; simplifies bulk purchasing of all items Syst(s): APPLE TRS-80 Price: \$195 Min Hardware: 48K + disk, printer

### ADMIRAID MICRO SOFTWARE

†CHAPTER 1 RECORDS
Description: Keeps records on Chapter
1 students: tests, time, etc.; lists
eligible students; calculates improvement, etc.
Syst(s): TRS-80 Price: \$40
Min Hardware: 48K Mod III+ disk,printer

†COMPETENCY RECORD-KEEPING
Description: Maintains record of student
competion of essential objectives; outputs
list of uncleared students/skill report
Syst(s): TRS-80 Price: \$20
Min Hardware: 48K Mod III+ disk,printer

†ELEMENTARY GRADE BOOK
Description: Files up to 25 weighted alpha or numeric grades in each of 7 elementary subjects; separate grade sheet for
each subject
Syst(s): TRS-80 Price: \$20
Min Hardware: 48K Mod III+ disk,printer

†TEACHERS GRADE BOOK
Description: Files averages of up to 25
numric or alpha grades on up to 50 students in 1 to 9 classes; weights grades;
has multi-user capability
Syst(s): TRS-80 Price: \$20
Min Hardware: 48K Mod III+ disk,printer

## AMERICAN GUIDANCE SERVICES

†WOODCOCK ASSIST
Description: Converts Woodcock raw test
scores to derived scores; gives reading
grade levels, rel mastery scores, percentile ranks & NCE's; stores pre-/post
Syst(8): APPLE Price: \$29.50
Min Hardware: 48K+DOS3.2.1/3.3,printer

### APPLIED EDUCATIONAL SYSTEMS

COURSE SCHEDULING SYSTEM
Description: Accepts course requests for
up to 2500 students; does simple tally &
conflict matrix; assigns students to cses
& prints course rosters & stud't sched
Syst(s): CP/M Price: \$1495
Min Hardware: 56K+2 disks,card rdr,prtr

# CLASSROOM MANAGEMENT SYSTEMS All systems TRS-80-III, Heath/Zenith

- Teachers Grade Book up to 9 classes of 50 students; weighted numeric, alpha grades, multi user capability . \$20.00
- 2. Elementary Grade Book grades on seven subjects; weighted alpha, numeric grades . . . . . . . . . \$20.00
- Competency Records: student records on essential objectives. \$20.00 (Add \$10 for 1-6 skills in Calif. school district)

AdminAid MicroSoftware

DAILY ATTENDANCE SYSTEM
Description: Accepts daily attendance data on mark-sense cards, stores on disk & produces daily reports & periodic summary reports; auto absence notice to parent Syst(s): CP/M Price: \$1495
Min Hardware: 56K+2 disks,card rdr,ptr

GRADE REPORTING SYSTEM
Description: Accepts grades on marksense cards, stores on disk & prints report cards, honor rolls & class rank
listings; interfaces with attendance
Syst(s): CP/M Price: \$1495
Min Hardware: 56K+2 disks, card rdr, prtr

†TEST SCORING SYSTEM
Description: Corrects multiple-choice
tests of up to 100 questions & correlates
performance objectives; reports by student, district, and/or school.
Syst(s): CP/M Price: \$995
Min Hardware: 56K+dsk,prtr; req's CP/M

### APPLIED SYSTEMS

†ATTENDANCE REPORTING SYST
Description: Master calendar & student
files hold biographical & attendance data
for 5,000 students; reports include state
requirements
Syst(s): Price: \$2000
Min Hardware: NorthStar, Vector, Decmate

†GENERAL LEDGER SYSTEM
Description: Double-entry ledger fund
balances system meeting Handbook IIR requirements
Syst(s): Price: \$1000
Min Hardware: NorthStar, Vector, Decmate

Price: \$3000 Min Hardware: NorthStar, Vector, Decmate †OMEGA SCHEDULING SYSTEM
Description: Cost Effective tool for constructing master schedules; up to 700 students per grade plus lists, etc; service
support
Syst(s): Price: \$5000
Min Hardware: NorthStar, Vector, Decmate

†PAYROLL SYSTEM
Description: Automatic payroll disbursal;
over 16 different deductions; prints W2
forms; service supported
Star Horizon, Vector, Decmate I
Syst(s): Price: \$3000
Min Hardware: NorthStar, Vector, Decmate

†PROGRAM BUDGETING SYSTEM
Description: Handbook IIR acctg features;
automatic vendor check printing, transaction codes & budget preparation support
Syst(s): Price: \$3000
Min Hardware: NorthStar, Vector, Decmate

†REVENUE ACCOUNTING SYSTEM
Description: Format for revenue accounting designed for use with program-based budgeting per Handbook II;service support Syst(s): Price: \$1000
Min Hardware: NorthStar, Vector, Decmate

MASTER GRADES PROGRAM: A complete grades management system for teachers. Designed primarily for the secondary level but is in use by many elementary and college level teachers. With this program you can produce alphabetized pages for your gradebook, alphabetized grade summaries for all students by grade level, subject or class, three kinds of progress notes to parents (depending on the parameters set by the teacher) and weekly or oftener reports in alpha or percentage order for all of your classes.

MASTER GRADES works on the point system. All grades are input as points out of possible points which could be earned per assignment or test. Since only the cumulative totals are kept, scores to 9999 are possible. (It is assumed that a teacher will still record the grades in a book or on the sheets generated by this program. That is your official record). The program then converts the points to a percentage and a letter grade is assigned according to the grading scale created by the teacher. The grading scale may be changed at any time including just prior to printout to allow for "easier" or "harder" markings of different classes. The program will hold 200 names.

The 16K version is supplied in BASIC and comprises three separate programs which load each other automatically depending on the main menu option selected.

The 32K version is all one program and is compiled in PETSPEED for the ultimate in speed and reliability. This version also includes a full edit routine which allows everything concerning a student to be changed at any time.

MASTER GRADES was written by two experienced secondary math teachers who are also expert programmers. They have produced a program which is designed for the FIRST TIME COMPUTER USER and whose only ability on the computer is knowing how to load a program. MASTER GRADES is a classic in error prevention and error trapping. It will not let you fail, nor will it allow you to lose your data.

Ten pages of instructions are included which will become superfluous your first time through the program.

A DEMO disk of the 32K version is available for \$7.00 for 2031/4040/8050 drives. This amount is refundable when the demo disk is returned and the regular program ordered.

MASTER LIBRARY PROGRAM — The ultimate utility program to organize all of your files. This program is not limited by the memory of the machine you are using as it writes linked sequential files and is capable of cataloging over 8000 titles. The titles, disk id and blocksize are read from each disk almost as fast as you can feed them into the drive. The options allow you to create a new file, add to an old one or print only. As many sequential files as necessary are created to handle your entire collection of programs and, when you are ready, one continuous alphabetized listing with 100 titles per page is printed. Fast machine language sort, of course.

Also included on the disk is a fast **SEARCH** program which lets you check an incoming disk for duplicate titles. The duplicates are then flagged for you on the incoming disk with a back arrow. A hardcopy printout is available at your option.

DISK-A-BETIZER is also included. This program alphabetizes the titles on your disks for you and recovers SCRATCHED files should you need this option. Compiled versions of SEARCH and DISK-A-BETIZER have been added to the original package as have three extra utilities called PRINT LIB, EXPAND LIB and COMPARE LIB.

Both require CBM Computer with 16K or 32K of memory, single or dual drive and CBM or ASCII printer.

Please specify your equipment when ordering. School purchase orders and personal checks welcome.

**PRICE:** \$39.50 (U.S. Funds) each.

Syst(s): PET/CBM Price: \$200 Min Hardware: 32K + disk

MASTER SCHEDULING PROGRAM
Description: Prepares master schedule for school based on numbers of requests for ea subject; accepts constraints as required; 220 cses on 4040 dsk,many more on8050. Syst(s): PET/CBM Price: \$300 Min Hardware: 32K+dual disks,printer

SCHOOL BUDGET PROGRAM
Description: Records, maintains, reports
money spent by school departments; incl's
search routines, screen viewing of dep't
accounts; reports by account.
Syst(s): PET/CBM Price: \$75
Min Hardware: 16K + disk

STUDENT TIMETABLE UPDATE
Description: Accepts cse requests, adds/drops; balances class sizes as assigns
students; prints new stud't schedules,cse
delete notices, full master schedule.
Syst(s): TRS-80 Price: \$300
Min Hardware: 32K + dual disk drives

#### MICRO EDUCATION APPL'S NETWORK

MODULAR STUDENT MGT SYSTEM
Description: Maintains pupil records in
special education & develops IEP from objectives bank; sorts data; writes reprts;
price variable depending on syst size
Syst(s): APPLE Price: \$485
Min Hardware: 48K + 2 disks, printer

#### MICRO-MUSIC INC.

UNIFORM MASTER I
Description: Inventory accounting for music uniforms; records, assigns, and stores five parts of 110 uniforms.
Syst(s): APPLE Price: \$190
Min Hardware: 48K + DOS 3.2/3.3

#### MI CROPHYS

ATTENDANCE SYSTEM
Description: Maintains & reports attendance data for up to 2500 students; prints
daily report & summary statistics; retrieves absences for any time interval
Syst(s): PET/CBM Price: \$600
Min Hardware: 32K + disk, printer

SCHEDULING-UPDATE SYSTEM
Description: Accepts student schedule/course changes, prints add-drop forms, new
class lists, student schedules & course
directory as necessary
Syst(s): PET/CBM Price: \$500
Min Hardware: 32K + 2 disks, printer

#### MIMM. EDUCAT'L COMPUTING CONSORT'M

SCHOOL UTIL V1-PROJECTION
Description: Projects school salaries,
enrollment, and revenue; revenue projection uses Minnesota tax figures
Syst(s): APPLE Price: \$36.59
Min Hardware: 48K + disk, printer

#### MONUNESIT COMPUTER SERVICE

ASSISTANT PRINCIPAL
Description: Does student scheduling and
mark reporting; prints class rosters, stuschedules, teacher assignments, report
cards, student master records & more
Syst(s): APPLE Price: \$650
Min Hardware: 48K+Aplsft,2 dsks,printer

ROLL CALL
Description: Accepts, stores & reports
daily attendance data; prints daily bulletin & periodic summary reports; interfaces with mark reporting system
Syst(s): APPLE Price: \$300
Min Hardware: 48K+Applesoft,dsk,printer

#### MOUNT CASTOR INDUSTRIES

ATTENDANCE PROGRAM
Description: Daily attendance, monthly
summaries; day-by-day listing of status;
monthly and year-to-date totals for each
grade.
Syst(s): APPLE PET/CBM TRS-80 Price: \$195
Min Hardware: Ap,TRS48K/CBM32K+dsk,ptr

THE CLASSIFIER
Description: Tallies course requests,creates master schedule,prints student/teacher schedules,class rosters & room usage rept. Req 32K PET+2k or 48K App/TRS,2d Syst(s): APPLE PET/CBM TRS-80 Price: \$495 Min Hardware: See above

#### ORCHARD SYSTEMS

†CIRCULATION MANAGEMENT SYS
Description: Tracks 600 library items fr/
checkout to return, more w/ mult disket's;
auto fine assessment, overdue slips/lists,
on-line book locator; other reports
Syst(s): APPLE Price: \$150
Min Hardware: 48K+ DOS 3.3, 132-col ptr

#### PARALAX B.V.

ROSTAR- MASTER SCHEDULES
Description: Generates master timetables
for schools of up to 2400; considers distance between rooms, amount of homework,
room use, hrs/subj/wk, and much more
Syst(s): APPLE Price: \$2000
Min Hardware: 48K + 2 disks, printer

#### PERSIDENON SOFTWARE

†DROP/ADD
Description: Handles many functions required for departmental enrollment process, including creation of waiting lists; runs on Franklin; listing avail Syst(s): APPLE Price: \$35
Min Hardware: 48K+ disk,printer,Applsft

#### POWELL ASSOCIATES INC.

SIMSYS - MAIN MODULE
Description: Allows non-programmer to
create, maintain, search, sort, merge &
print data files; 2000 stud'ts/diskette;
opt'l numeric data entry by doc reader
Syst(s): TRS-80 Price: \$450
Min Hardware: 64K ModII, disk, printer

SIMSYS - STATISTICS MODULE
Description: Computes on selected data:
mean,std dev,min/max, correl'ns, x-tabulations, histograms, freq distrib'ns; data
entry by doc reader;req's Main Module
Syst(s): TRS-80 Price: \$100
Min Hardware: 64K Mod II, disk, printer

SIMSYS - TEST SCORING PKG
Description: Creates & maintains item
bank, builds, scores & does statistics for
tests; up to 12 domains,15 objectives per
domain; requires Simsys Main Module
Syst(s): TRS-80 Price: \$200
Min Hardware: 64K + disk, printer

SIMSYS-SCHOOL ADMIN MODULE
Description: Does attendance reports, report cards, counselor student profiles.Title I analysis, mail labels; data entry
by doc reader; req's Simsys Main Mod
Syst(s): TRS-80 Price: \$150
Min Hardware: 64K ModII, disk, printer

#### PROFESSIONAL COMPUTER SYSTEMS

THE LIBRARIAN
Description: Stores 500 references per
disk on any publication type; very fast
search & retrieval on up to 8 info categories or keywds w/in text of abstract
Syst(s): APPLE Price: \$29.95
Min Hardware: 48K, disk, printer opt'l

#### RADIO SHACK

REKORD ADMINISTRATOR
Description: Records and reports student
data; designed for school administrator
with no previous computer experience.
Syst(s): TRS-80 Price: \$499
Min Hardware: 48K Mod I/III+dsk,printer

REKORD COUNSELOR
Description: Stores & retrieves student
records or prints student reports for review before counseling sessions; for guidance personnel without computer exper.
Syst(s): TRS-80 Price: \$499
Min Hardware: 48K Mod/III+dsk, printer

REKORD SPECIAL PROGRAMS
Description: Stores and reports student
data for the coordinator of specially
funded instructional programs who has no
previous computer experience.
Syst(s): TRS-80 Price: \$499
Min Hardware: 48K ModI/III+dsk,printer

#### RAMDOM HOUSE

CAREER INFORMATION SYSTEM
Description: Gives careers quiz, reports & stores results; selectively retrieves career information from data base including 240 job titles, local & nat'l info.
Syst(s): APPLE Price: \$375
Min Hardware: 32K+2 dsks, DOS3.3, Aplsft

#### RDA SYSTEMS

†MICRO BUDGET
Description: Financial management,vendor
payments,payroll encumbrances, A/C recvbl,
food services & stud't activity account;
\$2-8,000 depending on modules selected
Syst(s): APPLE CP/M Price: \$20
Min Hardware: 48K+disk,printer,CP/M

<sup>†</sup> This is a new entry in THE SOFTWARE FINDER.

#### READER'S DIGEST SERVICES INC.

LISTMAKER Description: Information mgt system keeps & updates files; prints form letters,grade reports & labels; user-friendly. Syst(s): APPLE TRS-80 Price: \$97.50 Min Hardware: 48K + disk

#### RINGGOLD MANAGEMENT SYSTEMS

†CIRCULATION CONTROL Description: Full inventory control of circulation; item reserves, patron hold-ings, overdues; search by title or patron

Syst(s): TRS-80 CP/M Price: \$15000 Min Hardware: 64K TRS ModII/16+dsk,prtr

#### SCHOOL & HOME COURSEMARE INC.

Description: Complete student accounting system consisting of 4 integrated subsys-tems for demographics, scheduling, period attendance and report cards Syst(s): APPLE Price: \$3995 Min Hardware: 48K+ROM Aplsft,2dsk,prntr

#### SCHOOL MANAGEMENT SYSTEMS

ACCOUNTS PAYABLE SYSTEM ACCOUNTS PAYABLE SYSTEM
Description: All normal functions, check
printer, vendor file & auto.payment of
fixed items; interfaces with fund acct'g;
CP/M,TRS/App+hard dsk or TRS+2-8\*dsks
Syst(s): APPLE TRS-80 CP/M Price: \$325
Min Hardware: 64K TRS80 Mod II/Apple II

ATTENDANCE SYSTEM Description: Maintains attend'nc data for 1000 stud'ts; reports daily absences, 10 per/day, gr 1-12; user defined codes; complete report'g for schl support &more. Syst(s): APPLE CP/M Price: \$395

Min Hardware: 56K+2 disks, printer; CP/M

Description: Maintains data on print ma-Description: Maintains data on print materials holdings, prints catalog card/label sets; displays all info before printing, allowing editing; multiple card sets.

Syst(s): APPLE TRS-80 CP/M Price: \$95
Min Hardware: Apple CP/M; TRS48K+2dsks

FUND ACCOUNTING SYST(V.03) Description: Interfaces with A/P system; 20-digit user-defined acc't structure & sorts on 8 fields allow detailed reports; CP/M,TRS/App+hard dsk or TRS+2 8" dsks Syst(s): APPLE TRS-80 CP/M Price: \$295 Min Hardware: 64K TRS80 Mod II/Apple II

Description: Accumulates daily library circulation statistics for up to 10 mos.; based on Dewey Dec syst; separate fic-tion/SC \*tats; reports for mo. or yr. Syst(s): APPLE CP/M Price: \$45 Min Hardware: 56K+2 disks,printer, CP/M

SALCALC

Description: Generates salary schedules, placement scattergrams, and total cost of instructional staff; ideal for budg prep, "what if" fixed costs, negotiations. Syst(s): APPLE CP/M Price: \$75 Min Hardware: 48K + Z-80 card, 2 disks

SCHOOL PAYROLL SYSTEM Description: Checks, records & reports for up to 500 employees; 8 user defined deduct'n categ's; many audit trail reprts; CP/M,TRS/App+hard dsk or TRS+2 8"dsks Syst(s): APPLE TRS-80 CP/M Price: \$1500 Min Hardware: 64K TRS80 Mod II/Apple II

STUDENT BILLING SYSTEM Description: Manages accounts receivables for student fees; prints statements incl'g

late charges: reports balances due w/ YTD activity, cumulative receivables, etc. Syst(s): APPLE CP/M Price: \$325 Min Hardware: 48K + 2-80 card, 2 disks

STUDENT RECORD SYST (V.03) STUDENT RECORD SYST (V.03)
Description: Scheduling, mark reporting &
transcripts for up to 2300 students; 6-/7period day, 4-pt grading; many reports;
CP/M,TRS/App+hard disk or TRS+2 8 dsks
Syst(s): APPLE TRS-80 CP/M Price: \$350
Min Hardware: 64K TRS80 Mod II/Apple II

#### SCHOOL OFFICE SOFTWARE

†ATTENDANCE REPORT'G SYS II Description: Handles schl of any size; 8 user-defined absence categ's (3 per-by-per for up to 8 pers); reports daily attendindiv studt hist, homerm rosters, summ's Syst(s): APPLE Price: \$600 Min Hardware: 64K+2dsks,prntr;cdr opt'1

#### SOFTWARE RESEARCH CORP.

ATTENDANCE PROGRAM ATTENDANCE PROGRAM
Description: Attendance rec'ds for 1200
stud'ts; absence lists, bi-monthly attendance totals, parent letrs, report cards;
price includes other 2 SRC programs
Syst(s): APPLE Price: \$600
Min Hardware: 48K+2 dsks,card rdr,prntr

DEMOGRAPHIC/SCHEDULING PRG DEMOGRAPHIC/SCHEDULING FROM
Description: Confl matrix from course requests; after self-sched'g, does class, grade,locker lists; timetables; address labels; price incl other 2 SRC prog'ms
Syst(s): APPLE Price: \$600 Min Hardware: 48K+2 dsks, card rdr, prntr

Description: Records on up to 990 texts; lists them alphabetically by dep't, prints forms used in debit-credit text inventory syst; price includes other 2 Jem progs Syst(s): APPLE Price: \$500 Min Hardware: 48K+2 dsks,card rdr,prntr

#### SOFTWARE TECHNOLOGY

†STUDT SCHEDUL'G & TRACKING Description: Totally integrated student scheduler & report program; for schools of up to 5,000 students; also available for IBM Personal Computer Syst(s): APPLE CP/M Price: \$4000 Syst(s): APPLE CP/M Price: \$400 Min Hardware: 48K + disk, printer

#### ST. JOHN'S HIGH SCHOOL

ABSENTEE

Description: Stores & reports daily absentee data; prints daily alfa list of ab-sentees, tardies, early dismissals, & no. of consecutive absences; other reports. Syst(s): TRS-80 Price unknown Min Hardware: 48K ModIII+2dsks,printer

Description: Records & reports ads sold for schl show; reports ads sold daily, al ads by student or source, ads not repeat-ed & ads by amount; does bill'g labels. Syst(s): TRS-80 Price unknown Min Hardware: 48K ModIII+2 dsks,printer

Description: Records & reports sales at fund-raising auctions; items & buyers are entered beforehand, permitting immediate & accurate acctg when buyer leaves. Syst(s): TRS-80 Price unknown Min Hardware: 48K ModIII+2 dsks, printer

Description: Stores & reports student names, addresses, telephone nos. and other

necessary data; also prints students' Classr'ms by period; very useful lists.
Syst(s): TRS-80 Price unknown
Min Hardware: 48K ModIII+2 dsks,printer

#### TEACHER'S PET

ENROLLMENT

Description: Computes enrollment figures by grade & school for Calif state reports; teacher names entered in DATA statements; disk version \$10.95 Syst(s): PET/CBM Price: \$7.95 Min Hardware: 8K + tape

#### TRIMITY HIGH SCHOOL

ATHLETIC DIR'S RIGHT HAND Description: Given eligibility information, prints std eligibility form; compiles awards & varsity participation records; reports in alpha or numeric order Syst(s): TRS-80 Price: \$15 Min Hardware: 48K Mod I+2 dsks,printer

#### DIKT COM

GRADE REPORTING Description: Maintains grade file; prints report cards; computes GPA, earned credits, honor roll, class ranks; handles complex grading systs; on-line data retrieval. Syst(s): APPLE Price: \$250 Min Hardware: 48K+ROM Apsft, 2d, 132c ptr

SCHOOL INVENTORY Description: Maintains resource file; on-line retrieval of patron & circul'n data; prints overdue lists & notices; reports patron statistics, item usage. Syst(s): APPLE Price: \$250 Min Hardware: 48K+ROM Apsft,2d,132c ptr

#### WINNERBAGO SOFTWARE

LIBRARY CIRCULATION SYSTEM Description: Check in/out with bar wand. eliminat'g book cards; reports overdues, items checked in & out; handles 18,000 items, 3,000 names, 10% overdues. Syst(s): APPLE CP/M Price unknown Min Hardware: 48K+2dsks,grf ptr,bar wnd

The Computing Teacher, published monthly, September-May, is a journal for precollege educators who are making instructional use of computers or who are concerned with how computers are affecting the content and process of education. Each issue contains information of use to the beginner as well as to the more experienced computer user. TCT features articles, software reviews, book reviews, film reviews and special columns, including Computers in the Teaching of English, Computers in the Media Center, Computers in Science Education and Computers in the Arts and Humanities.

The Computing Teacher is a publication of The International Council for Computers in Education, a non-profit corporation. ICCE has members from every state in the United States and 5 Canadian provinces, as well as from many other countries. ICCE is dedicated to helping teachers learn about computers in education and to improving education at all levels.

#### SALE OF ICCE MAILING LABELS

The Computing Teacher mailing list contains a minimum of 10,000 names in East-West ZIP code order, primarily of educators at all levels from elementary through college, computer education centers, and colleges of education.

These labels are for rent on a one-time-use basis. Cost for the list is 4¢ per label on paper for Cheshire machines, or 4.5¢ per label on gummed pressure sensitive labels. The list is also available on 9-track magnetic tape at 4¢ per name. Approximately 85% are U.S. and 15% non-U.S. addresses. The labels may be purchased either as all-U.S. addresses or in total. For more information, contact Allyson Wright, ICCE, 135 Education, University of Oregon, Eugene, OR 97403, (503) 686-4414.

# **Microcomputers Causing Megaconfusion?**

How can you tell which of the dozens of microcomputers—which of the hundreds of courseware programs—is best for your school? Which materials will best meet your educational objectives? Your students' needs? Your budget?

How can you get the accurate, unbiased information you need to make sound decisions? Avoid costly mistakes?

Subscribe now to Micro PRO/FILES.

Succinct, expert evaluations are now available from EPIE (Educational Products Information Exchange) and Consumers Union. The expertise of these distinguished organizations has been combined to produce Micro PRO/FILES—clear, objective reports prepared to help you make wise choices from the multiplicity of products competing for your budget.

Microcomputer hardware, printers and displays are scrupulously tested by experts at Consumer Union's prestigious labs. Courseware is rigorously assessed by EPIE's teams of trained, certified educational evaluators.

Fifty-five PRO/FILE reports are sent to subscribers in a sturdy 9 x 12 plastic file, indexed by subject. Twenty reports on new and revised materials and equipment are prepared and sent monthly throughout the school year, so you can keep up with the outpouring of new products.

Act now, and as a Charter PRO/FILE subscriber you will also receive special bonus reports, such as one on Logo languages and a valuable 600-name source list of courseware publishers showing which give 30-day-trial previews.

<u>This special one-year Charter Membership subscription offer ends on June 1.</u> With it you get:

- PRO/FILES on microcourseware and hardware with monthly updates
- Bonus reports
- FREE one-year subscription to the MICROgram newsletter bound into each issue of *The Computing Teacher* magazine.

**Special for elementary grade educators:** Subscribers receive 34 K-8 Courseware PRO/FILES and monthly updates plus a subscription to *The Computing Teacher*—all for just \$79 for the year!

Subscribe now to take advantage of these introductory prices. They won't be available again.

Call toll free 1-800/223-7585; from NY state 212-758-8990 for more information.

# **GLOSSARY**

Definitions are given here for some of the terms used in this directory, mostly to categorize programs, which might not be familiar to the reader. The abbreviated forms given in parentheses following some of the terms are those used in the entries in subsection II-1.

AUTHOR LANGUAGE (AUTHOR LANG) - Computer is used to translate a language which allows one to create tutorial and drill/practice dialogs without knowing how to program a computer.

COMPUTATIONAL TOOL (COMPUTL TOOL)

Computer's speed and storage capacity are used to do jobs which would consume much time if done manually (e.g., statistical calculations) and thereby free up students and/or teacher to concentrate on principles being taught.

CONCEPT DEMONSTRATION (CONCEPT DEMO) - Computer is used to illustrate, usually dynamically, the operation of a principle, e.g., daily compounding of interest, a function approaching a limit, etc.

DATA BASE RETRIEVAL (DATA RETR'VAL) - Computer is used to place at student's disposal a large body of data about a given situation (e.g., census or election results) as a laboratory for testing of alternate hypotheses to explain a phenomenon in the situation, e.g., why one section of the country has traditionally given strong support to a particular political party.

EDUCATIONAL GAME (EDUC'L GAME) - Computer plays, or provides computational support for, a game in which one or more students participates and in the process learns new concepts or skills.

IN PKG (also simply "pkg") - The program so described is distributed only as part of a collection of programs; it usually cannot be purchased separately.

LANGUAGE PROCESSOR (LANG PROCESSOR) - The computer is used to translate a language (e.g., BASIC, FORTRAN, PILOT) which enables a program author to more easily communicate with the computer than might be possible otherwise. Various types of language processors exist, including compilers, interpreters, and assemblers.

LONG-TERM PROJECT (LNG TERM PROJ) - The student writes a significant computer program as part of a major project lasting several weeks or months, the purpose being to increase the student's understanding of concepts in a disciplinary area, e.g., physics, as well as his or her understanding of higher level computer applications. Examples of such programs are games such as Lunar Lander, data base retrieval programs to assist in testing hypotheses, and simulations of various physical and biological processes.

MACHINE LANGUAGE (Machin) - The internal language of the computer; usually the machine language of one type of computer is not intelligible to another type of computer. Most microcomputer systems are equipped to run programs written in their own machine language without the use of a language processor.

ON DISK (also "on disk", "disk", or simply "dsk") - The program or package so described is distributed only on diskette, or a disk drive is required for its operation.

ROTE DRILL - The computer is used to administer drills to help students learn material requiring little or no new skills, e.g., dates, arithmetic tables, etc. The computer provides immediate feedback regarding correctness of student responses; it also may report over-all performance.

SKILLS PRACTICE (SKILLS PRACT) - The computer is used to provide exercises enabling the student to practice new skills such as factoring, conversion between metric units, musical pitch discrimination, etc. Immediate feedback is given to the student regarding his or her responses. A program also may record and report performance.

TEACHER AID - The computer is used to serve the teacher in ways which will improve his or her efficiency, especially by saving time. This may include recording and reporting of marks, statistical analysis of grades and other kinds of data, etc.

TEXT PROCESSOR (TEXT PROCES'R) — Also known as word processor. The computer is used to edit and reformat blocks of text such as stories, reports, or letters. It has the tremendous advantage of enabling extensive rework of a document with only one entry of the material. Therefore, it offers great potential for use by students for whom the physical act of writing is a barrier because of limited dexterity skills or other conditions.

TUTORIAL - This is what has traditionally been known as CAI. The computer is used to implement most of the instructional process. A comprehensive tutorial system may contain provisions for all of the following: student placement, introduction of new material, drill, practice, performance monitoring, remediation, and reporting of progress.

### INDEX TO ADMINISTRATIVE SOFTWARE

| <u>A</u>                                                                                                                                                            | ENROLLMENT, 141                                                                                                                                     | <u>P</u>                                                                                                                           |

The Chem Lab Simulations, a growing collection of high quality educational software products from High Technology Software.

are designed to simulate introductory-level chemistry experiments. Developed by a university chemistry professor. these highly-interactive InfoWorld simulations are well suited Software Report Card as lecture aids and as

exciting tools for individual study. Chem Labs are so challenging and enjoyable, they delight even the most reluctant learner!

These four simulations are virtually self-instructing, so they are easy to use. No special skills are needed to operate them. Comprehensive manuals further aid the student by explaining the theories involved showing sample calculations.

Chem Lab Simulations 1™- Titrations Chem Lab Simulations 2™- Ideal Gas Law Chem Lab Simulations 3™- Calorimetry Chem Lab Simulations 4<sup>™</sup>- Thermodynamics

"These packages are well done and provide a useful learning experience. I have reviewed and used other teaching aids

and found them to be hopelessly inadequate. Others attempting to write computer-assisted Chem Labs 1, 2, 3 and 4. instruction programs would do well to use would do well to use

these as a model Creative Computing Sept. 1980 'Advanced software for introductory chemistry courses is becoming available, and the people at High Technology are among the leaders in this field. InfoWorld Oct. 13, 1980 Available for the Apple II and Atari 800. For more

information on Chem Labs and our new series, Physics Workshops™, contact your local computer dealer or Conduit or call or write us directly. High Technology Software Products, Inc. P.O. Box 60406, 1611 N.W. 23rd,
